News You Can Use!

Grant Awarded!

Lansing Public Library has received a \$30,000 grant to upgrade the lighting throughout the building. The Library was required to add \$4,000 to cover the total cost of the project. The grant, funded by the Illinois Clean Energy Community Foundation, is intended to reduce the amount of energy used for lighting while improving light output. The new bulbs and ballasts are expected to last several years, reducing maintenance costs as well.

The new lights simulate daylight, making the library a better place to read and study!

Virtual Reference!

Lansing Public Library has added Virtual Reference via Instant Message ("IM"). We're on AOL and Yahoo. This service is available during library hours when Reference staff members are available to answer questions. Look for us online as these names!

Obtaining a Library Card

The Circulation Department would like to remind residents to bring the proper documents with you when you apply for a library card. Library cards are issued to Lansing residents free-of-charge with proper identification to prove residency, such as a valid photo I.D. and two acceptable items with your current Lansing address.

If the photo I.D. shows your current Lansing address, you only need to provide one additional acceptable item with your current Lansing address, such as a current utility bill. Lansing residents under the age of 18 must have a parent or legal guardian, with proper identification, sign for them.

We encourage patrons to **sign-up for internet access** so they can take **full advantage of all the library resources.**

Parents still have the option to make this decision for their minor children. Library Card required for participation in Reading Programs.

For more information, visit the Circulation Dept. or call 474-2447.

Someone You Should Know...

Irene Sherlund has worked at the Lansing Public Library since 1975.

She began work as a filing and typing clerk and is currently the Head of Technical Services. She received her Bachelor of Arts Degree from Purdue University Calumet in 1994.

She has seen the library go through many changes through the years.

The library has gone from using manual typewriters to type cards for the card catalog to using an on-line catalog and many other electronic sources.

Technical Services consists of Irene and three other staff members who order, catalog, process, repair and maintain the library's collection of print and audio-visual materials. They are also responsible for maintaining and updating the on-line catalog. This work is part of what keeps the library's collection vital, valid, and dependable.

Irene enjoys reading, walking, quilting, traveling, and gardening. After attending the *Purls of Wisdom* knitting group at the library, she has begun knitting.

Library Closed

We will be closed Monday, January 17, 2005 in observance of Dr. Martin Luther King Day.
